

Grade: ASB-HCFO

Manufacturer:	Dixon
Description:	HCFO is a high quality graphite lubricant formulated with high-purity, finely ground flake graphite for superior penetration of tight tolerances in oven chains.

PROPERTY	US VALUE		METRIC VALUE	
Graphite content	11% natural flake graphite			
Particle Size (microns)	7			
Carrier	Odorless petroleum distillate			
Flash Point	176	°F	80	°C
Consistency	Fluid			
Stability	Stir well before use			
Application Temperature MAX	250	°F	121	°C
Flammable	Yes
