

Brush Holder Upgrade **SPECIAL** for Motor Repair Shops

NEW! Brush Holder Upgrades

for **GE Single Brush Holders**

Basic

- **In-Stock** for Quick Delivery
- **Bolt-On** Replacements with Alignment Clips
- **Competitive** Prices

Upgrade from OEM hammerplate brushes to Helwig's **RED TOP** brushes for improved brush performance.

Add value to your repairs with these new Helwig replacements for popular GE Single Brush Holders.

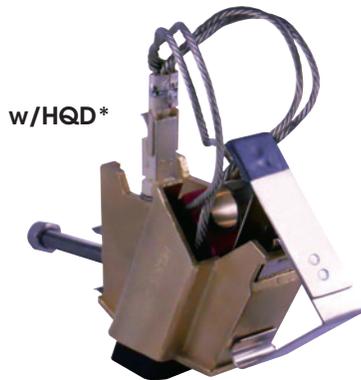

Take advantage of introductory brush holder prices!

Ask about special prices for Grade H57 or H76 brushes for these holders. (See Promo Code above.) (Check with our "Tech" Dept. for other grade recommendations for specific application requirements.)

"Basic" version has standard terminal screw.

"HQD" version features "Helwig Quick Disconnect" for brush changes without tools.

"Wear Indicator" for current brush length at a glance.

w/ Wear Indicator

w/HQD & Wear Indicator
